YESTERDAY'S ELECTIONS.

A Large Vote Polled Everywhere—The Result in Indiana in Doubt—Both Parties Claiming the State—Colerick Elected to Congress—The Entire Democratic Ticket Elected in Allen County—&c.&c.

In both the States of Ohio and Indiana the elections passed off comparatively quiet, and an unprecedented vote was thrown everywhere. In the former State, the earlier returns from which will be found on the second page of to-day's *SENTINEL*, the Republicans have elected their State ticket by a majority ranging from 7,000 to 10,000. In Indiana the election is very close, both parties claiming a victory. In a number of counties the Democratic losses have been heavy, while in other counties their gains have been correspondingly heavy.

The returns are coming in very slowly, and it may possibly require the official vote to determine the result.

In Allen county sufficient returns have been received to know that the entire Democratic ticket has been elected by good round majorities, yet at the present time it is impossible to give the precise figures, as some of the outlying districts are yet to be heard from. The Democratic majority in the city has been decreased.

The Republican gain in this county as far as heard from is 810.

THIS CONGRESSIONAL DISTRICT.

Hon. Walpole G. Colerick, Democratic candidate for Congress, has been elected, without any doubt, by at least 700 majority.

Gen. Jas. R. Slack, Democratic candidate for Congress in the Eleventh district, has been defeated, and Steele, of Marion, elected. The majority is small.

By a late telegram just received Landers concedes Porter's election by 4000 majority.

ADAMS COUNTY.

DECATUR, Oct. 13.—At a low estimate, the democratic majority in this county is thirteen hundred. There are democratic gains in each township.

CHARLES SPENCER.

WELLS COUNTY.

BLUFFTON, Oct. 13.—The democratic majority in Wells county is 856.

FLOYD COUNTY.

NEW ALBANY, Oct. 13.—The election absorbed all interest. The vote is the heaviest ever cast in the city, and the country precincts are expected to show an increased vote. The day passed quietly, only two small local fights. Landers will not have over 400 majority in the county.

DEARBORN COUNTY.

Edward Jackson, democrat, for county representative, and Jacob L. Benham, democratic for joint representative, are elected. Republican gains are reported.

CLARKE COUNTY.

JEFFERSONVILLE, Ind., Oct. 13.—Gibson, democrat, is undoubtedly elected to the legislature over Ruff by a small majority. Only one precinct heard from, which gives eighty-six democratic majority. The democratic majority in the county will be considerably reduced.

A DEMOCRATIC GAIN AT EVANSVILLE.

EVANSVILLE, Oct. 13.—Armstrong township gives a majority of 206 to the State ticket. Hazelton precinct gives Landers 75 majority, a democratic gain of 28.

TERRE HAUTE, Ind., Oct. 13.—Pier遗n township, this county, gives Landers 52 majority, and a democratic gain of 3 over the vote of 1876. The sixth ward gives Porter nine of a majority, a republican gain of 41 over the vote of 1876.

WHITLEY COUNTY.

R. C. Bell runs thirty votes ahead of the regular democratic majority in Whitley county.

CUYAHOGA COUNTY, OHIO.

CLEVELAND, O., Oct. 13.—Complete returns from Cuyahoga county give Charles Townsend, for Secretary of State, 4,051 majority; McIlvain, for Supreme Court Judge, 5,937 majority; and Amos Townsend, for Congress, 5,239 majority.

STEUBEN COUNTY.

Fremont township gives Landers for governor, 136; Porter, 194; Gregg, 10. For Congress, Taylor, 194; Colerick, 139.

Steuben township gives Landers for governor, 129; Porter, 299; Gregg, 5. For Congress, Taylor, 231; Colerick, 141.

BLACKFORD COUNTY.

Porter, 759; Landers, 960; Gregg, 175. Landers' majority, 201.

ST. JOSEPH COUNTY.

SOUTH BEND, Ind., Oct. 13.—Penn, Warden, Clay, Harris, Union and German townships, St. Joseph county, gave 118 majority for Porter, a republican gain since the last governor's election of 67 and of 136 from the state election of two years ago. Two wards of South Bend give 100 republican gain from last city election.

GENERAL McCLELLAN'S STATE.

NEWARK, N. J., Oct. 13.—The city election resulted in an average republican majority of about 2,500. The republicans elect eleven aldermen, the democrats five. The common council will stand eighteen Republicans to twelve democrats. Republicans also gain four members of the board of freeholders. The German vote is largely republican.

Two More Fast Express Trains on the Wabash.

On Monday, October 11, the Wabash, St. Louis & Pacific railway placed two new fast express trains, running through between Toledo and Kansas City, via Hannibal and Moberly, thus making three fast express trains each way between Toledo and the Missouri river. The new west bound express will leave Toledo at 7:20 a. m., Chicago time, or 7:37 a. m. Toledo time, reaching Kansas City the next morning at 8 a. m. Returning, leave Kansas City at 6:30 p. m. reaching Toledo the following evening at 5:25 p. m. These two new trains will be the fastest of any ever before run by the Wabash, and therefore cannot avoid being popular with the traveling public.

INDIANAPOLIS, Oct. 13.—The following editorials are from the late editions of the morning papers. The *Sentinel* says:

At 5 o'clock this morning there are still over 1,000 voting precincts to hear from. In the 245 reported, the net republican gain is 1,814. The republicans are claiming the State by 5,000 majority, but the returns do not show it, and we hope that when the remaining precincts are heard from that Mr. Lander's election will be secured by a small majority.

SUPPOSED TO BE SOOPED.

Latest Election Returns—The Democrats Lose Heavily Throughout the State—Mr. Landers Said to Have Conceded the Election of Mr. Porter—Both Parties Claiming a Majority in the Legislature.

Mr. Landers Concedes the Election of Mr. Porter.

from all portions of the country and he will not attempt any figuring on the returns until to-night. Crowds are now gathered about the bulletin boards, but the only interest manifested is in news from Indiana.

CINCINNATI, Oct. 13.—Clinton county, Ohio, has a republican majority of 1,618; republican gain of 78. Fayette county gives a republican majority of 648; a republican gain of 74; Madison county, except 3 townships gave a republican gain of 60. All the republican county ticket was elected except auditor.

EVANSVILLE, Ind., Oct. 13.—Indications of the vote so far reported point to the election of Kline in this district, and Keith, the democratic candidate for sheriff in this county. The other county officers on the republican ticket will probably be elected by small majorities. Kahn, the democratic candidate for Senator, will also be elected by a small majority. The returns are coming in slowly.

Resolutions of Respect.

At a meeting of the members of the Bar of Allen county, held October 13, 1880, in the circuit court room, the following proceedings were had.

WHEREAS, it has pleased Divine Providence to remove from us our young friend and brother, Thomas W. Colerick, at a time when he was, with unusual promise of success, just entering upon his chosen profession of the law, therefore .

Resolved, that we deeply deplore the death of our young brother, and that we realize, with no ordinary sensibility, the loss which in his death we and the profession have sustained. Though young, yet Mr. Colerick was old enough to have impressed us all with the singular amiability of his character, his courteous bearing, his modesty of manner and the purity and uprightness of his character and life. He was intelligent, finely cultured, well read in his profession, of pleasing address, and would, had he been spared to us, have attained more than ordinary success in his profession.

Resolved, That we tender to his aged father, and to his brothers, sisters and relatives, our most sincere sympathy and condolence.

Resolved, That the members of the bar will, as a testimonial of their sincere respect for their deceased brother, wear the usual badge of mourning for thirty days, and attend his funeral in a body.

Resolved, That a copy of these resolutions be furnished to the family of the deceased; that the same be published in the city papers and spread upon the records of the courts of this county.

Directors of the Western Union.

NEW YORK, Oct. 13.—At the annual meeting of the Western Union telegraph company to-day the following directors were elected without opposition, receiving over 290,000 votes: Harvon Green, William H. Vanderbilt, Edwin D. Morgan, Augustus Schell, Harrison Durkee, James H. Bunker, Samuel F. Barker, Joseph Parker, Alonzo B. Cornell, Hamilton McK. Twamley, John VanHoone, Cornelius Vanderbilt, Moses Taylor, Wilson G. Hunt, Edward S. Sanford, Chester W. Chapin, Robert Lenox Kennedy, J. Pierpont Morgan, George M. Pullman, John R. Duff, D. O. Mills, Oliver H. Palmer, Samuel A. Munson, Daniel Jones, Anson Stager, Edwin D. Worcester, Henry M. Phillips, William D. Bishop, Hugh J. Jewett.

COLUMBUS, Oct. 13.—All efforts thus far to obtain definite majorities by counties has failed. The republican county commissioners evidently feeling that inasmuch as Ohio has gone republican there is little interest felt in the exact figures. The democratic state committee refuse all attempts at interviews by newspaper correspondents saying: They know the state has gone republican and that republicans have swept every doubtful congressional district and that is quite enough for them to know. Gen. Nash, chairman of the republican state committee is occupied to-day in answering congratulatory telegrams.

The Found Pit Accident.

STELLAR, N. S., October 13.—It turns out that only six men are missing by the Found pit accident. Of these Hugh McKelvie and Merle Barnart have been got out alive, though small hopes of their recovery are entertained. They were badly bruised and had their clothes literally torn from their persons. Two dead bodies, those of James Conway and Charles Bourne, were not recovered till late hour last night. No traces of the bodies of J. W. Frazier, erroneously stated found in previous dispatches, and Charles Lyon. The accident was caused through working too close to the old Bye pit, abandoned fifteen years ago.

More Coal for the United States.

LONDON, Oct. 13.—The steamships Iowa, from Boston, and Waldensian, from Montreal, arrived out.

It is roughly estimated that the Bank of France, within the last three or four days, has parted with about £2,000,000 in gold. This supply may be found available for export to the United States on English or German account.

Of the gold sent into the Bank of England yesterday, the sum of £20,300 pounds was French coin, ultimately destined to the United States.

A Haunted Hotel.

The spirits are at work in Hudson, a pretty village on the shores of the Lake of Two Mountains, Ottawa river, forty miles from Montreal, and the authorities, both spiritual and temporal, are appealed to by the affrighted people, who are mainly French. The Hudson Hotel, John Park proprietor, for two weeks past has been haunted. The manifestations occur in broad daylight. Closed doors are thrown violently open by an unseen agency, and furniture, beds, linen, cooking and farming implements, and food engage in a general waltz, and are badly mixed up. On Friday afternoon last the evil genius held high holiday in one of the bedrooms, notwithstanding the presence of several of the neighbors, who saw with great alarm the work of the unseen agent. An hour later two fires were started in the stables, but were extinguished with slight damage.

On Friday night the revels increased to such an extent that, early on Saturday, the priest was summoned and exorcised the demon. Peace reigned supreme until the departure of the clergyman, at about 11 a. m. Then the bottles of liquor in the bar showed great vitality, and a fire broke out in the hay loft of the stables, which were burned to the ground. The surrounding outhouses were saved with difficulty.

On Sunday the priest, assisted by clergy from the Indian village of Gka, just across the lake, again exorcised the demon, who remained passive until nightfall, when he confined his antics to the upper flights. A strict watch is set to discover, if possible, the actual cause of the disturbances and to prevent fire, as should the hotel be fired, the whole village would be endangered.

A boy's essay on statesmen: That wuz a statesman. His colar wuz 16 and his hat wuz 5. He went to a meetin to orate. He said: "Ax me a question if you want to no." So when he was a swetin under his shirt man hollered and he said: "Wat is tarif anyway?" And the statesman he larfed kinder short, and he sed: "I want no foolin around me. I am a bad man and carry a kane." So he gave his kane a whirl and laid it on the table. Then this awful man down among the spitions sed again: "How much is tarif a peck anyway?" An the statesman sed, real hot: "I am a free man and I won't be adjourned, so I demand the law." And then the law, dressed as a polision, got the orful man by the back hold and took him to the kabze. An when in the kabze he did not ax any more tarif questions, but fot the cokroaches all night. An the statesman went home with his kane.

On! what will become of our glorious country after the 2d of November next, should Hancock be elected to the Presidency. The Courier-Journal says in relation to the anticipated catastrophe as follows: "The Republican leaders are diligently laboring to convince the workingmen that if Hancock is elected on Tuesday, November 2, the next day, Wednesday, November 3, every foundry, workshop, cotton mill, blacksmith's shanty, rolling mill, etc., will be promptly closed; the proprietors will be packing up to move to Canada or New Guinea; the banks and stores will all be shut up, and the bank presidents and directors and cashiers and every mother's son of a workingman will be found rapidly proceeding to the poor-houses or leaving for Mexico and Van Dieman's Land. As a natural consequence, the churches and school-houses will all be fired by the adherents of the victorious Hancock, and Hancock himself, that noted rebel brigadier, will apply the torch to the capitol at Washington and all the public buildings, and complete the job by burning what Robeson has left of a navy. Hancock, the rebel brigadier, and his followers will then go on a prolonged spree with the "British gold," which the Republican leaders say has been pouring into the coffers of the Democratic national committee, and the "Nation" will then fizzle out like the fag end of a spent rocket on a dark night. This is the harrowing prospect depicted by Mr. Jewell and the Republican organs, including the little one horse concern in this city. It seems perfectly dreadful, but it is strange that nobody can be found who is about to shoot himself or who gives any evidence of panic or doubt as to the stability of things after November 2d."

YESTERDAY'S ELECTIONS.

The First Reports That Were Wired to the "Sentinel" From Ohio.

COLUMBUS, Oct. 12.—There are 1869 precincts in the State and it is expected that nearly three quarters of them will be heard from to-night. The first return was heard from Green Camp township, Marion county, which gives McIlvain 177, Follett 164, republican gain of 18; Knox, 7 townships and wards, republican gain of 79; Lake, 1 township, republican gain of 32; Lawrence, 4 townships, republican gain of 78; Licking, 3 townships and city, republican gain of 7; Newark democratic gain of 33; Laraine, 6 townships, republican gain of 8; Logan county, 2 townships, democratic gain of 18; Lucas, 2 townships and 4 precincts in Toledo, republican gain of 126; Madison, 1 township, democratic gain of 12; Mahoning, 1 ward in Youngstown, republican gain of 48; Marion, 4 townships, democratic gain of 2; Medina, 5 townships, republican gain of 51; Meigs, 3 wards in Pomeroy, democratic gain of 42; Mercer, 2 townships, democratic gain of 30. COLUMBUS, Ohio, Oct. 12—9:00 p.m.—Returns coming in a little earlier than usual, and the gains, although hitherto favorable to republicans in most precincts, have not been uniformly so, and it is noticeable that where there has been a democratic increase, it has usually been very marked. It seems to be a fact that the republican gains have been chiefly in sections already republican, and democratic gains have come chiefly from democratic sections. On the basis of the figures already received the republicans claim a majority larger than that of last year, but it is too early to make any definite estimate and all such mere guesswork.

CINCINNATI, Oct. 12.—The vote polled to-day is 20 per cent. larger than ever polled before. In the afternoon a number of slight disturbances took place at the polls, but, except in one instance, the police were able to preserve order. That was in the Eighth ward, where the republicans asked the aid of the police to give them an equal chance at the polls, and two men assaulted a policeman and tore his clothes. He called for help and the men were arrested, but the crowd overpowered the police and rescued the men. Further reinforcements of police were called, but by the time they arrived quiet was restored. Extraordinary care was taken to preserve peace. Sheriff Weber organized a force of special aides at each polling place, but his authority to make arrests was not recognized, and his prisoners were not received at the station houses. James Cullum, who was arrested by a sheriff's aide and put in jail, but who was afterward turned out because the Sheriff found he had no authority to imprison without a writ, has brought suit against the Sheriff for \$25,000 damages.

The militia were called out by Mayor Jacob, and were kept all day in the armory and discharged when the polls closed. Great crowds are on the streets, who are anxious to hear the news. The First precinct in Cincinnati heard from, and shows a democratic gain of 15.

COLUMBUS, Oct. 13, 12:30 a.m.—The following is the resume of all the precincts now received which are grouped under their respective counties:

Adams county, 3 townships, democratic gain of 16; Allen county, 5 townships, democratic gain of 55; Ashland county, 11 townships, republican gain of 125; Ashstabula county, 15 townships, republican gain of 173; Athens county, 2 townships, republican gain of 12; Auglaize county, 8 townships, democratic gain of 192; Belmont county, 8 townships, republican gain of 129; Brown county, 2 townships, republican gain of 81; Butler county, 7 townships and one ward in Hamilton, democratic gain of 256; Carroll county, 9 townships, republican gain of 37; Champaign county, 12 townships and Urbanna city, republican gain of 250; Clark county, 2 townships and city of Springfield, republican gain of 218; Clermont, 5 precincts, republican gain of 56; Clinton 2 townships, republican gain of 7; Columbian county 5 townships, republican gain of 216; Coshocton county 3 townships, no changes, Crawford county, 8 townships, republican gain of 65; Cuyahoga county, 12 townships, and wards republican gain of 404; Burke county, 6 townships, democratic gain of 26; Defiance county, 6 townships, democratic gain of 71; Delaware county, 3 townships, republican gain of 28; Erie county 3 townships and 3 wards in Sandusky, republican gain of 2; Fairfield county, 9 townships and Lancaster City, republican gain of 62; Fayette, 2 townships, democratic gain of 4; Franklin township, republican gain of 27; Fult, n, 2 townships, democratic gain of 21; Gallio, 3 townships and Gallipolis City, republican gain of 28; Geauga, 8 townships, democratic gain of 32; Greene, 7 townships and Xenia City, republican gain of 185; Guernsey, 3 townships and Cambridge City, democratic gain of 16; Hamilton, 52 precincts and wards in Cincinnati, democratic gain of 1,021; Hancock, 5 townships, Democratic gain of 132; Hardin, 4 townships and Kenton City, republican gain of 110; Harrison, 9 townships, republican gain of 113;

COLUMBUS, Oct. 13, 1:30 A.M.—So far as heard from the democrats are 208 ahead in the city. Five wards remain to be heard from, which may change the result, but there is no definite information as yet on that point. Returns are coming in slower than was expected, but those received since midnight have largely swelled the republican net gains, and, with less than 700 precincts in, they are now 3,000. Preble county complete gives a republican majority of 1,975, a republican gain of 28.

Preble county complete gives a republican majority of 353, a net gain of 28.

In an interview just had with Gen. Nash, chairman of the Republican State Committee, he claims that the plurality for the State ticket will not be less than 20,000, and that the republicans have elected 15 out of 20 Co. Congressmen, as follows: Butterworth in 1st, Young in 2d, Morey in 3d, Schultz in 4th, Ritchie in 6th, Keifer in 8th, Robinson in 9th, Rice in 10th, Neal in 11th, Dawes in 15th, Updegraff in 16th, McKinley in 17th, McClure in 18th, Taylor in 19th and Townsend in the 20th districts. If all he claims are elected, it will be a gain of six Congressmen.

A well-known German minister, Rev. A. Opitz, of Schleisingerville, Wis., writes:

I was a sufferer with rheumatism for years. Friends recommended the use of St. Jacobs Oil; I tried it, and must confess that the result was astonishing. Having hardly used up the first bottle, I found relief, and the second one cured me. I therefore feel under obligations, and shall recommend this effective remedy whenever I have a chance.

CINCINNATI, Oct. 13, 1 A.M.—Returns still indicate democratic gains in a majority of the precincts, but the republican majority in the county will be over 2,000. The democrats have conceded that not a man on their ticket is elected. The republican Congressmen, Butterworth and Young, are undoubtedly elected in twenty-nine precincts out of forty-seven. In the First district Butterworth's net gain is 913 over the vote of two years ago, when he had a majority of 720. Young's loss in thirty-five precincts out of fifty-two is 22. He had a majority two years ago of 974.

CINCINNATI, Oct. 13, 2 a.m.—In 77 precincts out of 97 in this county the republican majority is 1,275. The precincts to hear from will materially increase these figures. The reports of the vote on the Congressman and the county ticket cannot be obtained from all the precincts in time for this report, but the republicans claim the election of their whole county ticket by a majority of from 2,500 to 3,500.

COLUMBUS, Oct. 13, 1 a.m.—The Democratic headquarters are nearly deserted. A request for an opinion as to how the State had gone was refused to an Associated Press reporter on the ground that the committee had no opinion to give any one, that their figures were too meager to warrant them in giving an opinion, except that the State had gone Republican. They only claim the election of six Congressmen: McMahon, in the Fourth district; LeFever, in the Fifth; Leedon, in the Seventh; Converse, in the Twelfth; Atherton, in the Thirteenth, and Geddes, in the Fourteenth. They hope, however, to elect Hurd in the Sixth and Warner in the Fifteenth, with possible chances of electing Shaffer in the Tenth district.

TOLEDO, Oct. 13.—The city committee gives Ritchie republican candidate for Congress, 124 majority. Democrats concede his election over Hurd by 300; republicans claim 600; the county gives 600 republican majority.

COLUMBUS, Oct. 13, 2 a.m.—The best information at this hour is that the republicans have elected 13 congressmen.

COLUMBUS, Oct. 13.—The Democratic headquarters were closed at 1:30, and shortly before that hour, John G. Thompson made a brief speech, claiming that the republican majority in the State would not exceed 8,000. Other democratic leaders show a very expressed belief that it would average about 12,000. Chairman Nash, of the republican committee, claims the state by a plurality of not less than 20,000, and 15 Congressmen.

COLUMBUS, Oct. 13.—The following is the list of Congressmen elected in the State, according to the best information and latest returns: Republicans—First district, Benjamin Butterworth; second, Thos. L. Young;

third, H. L. Mory; fourth, Emanuel Shultz; sixth, Jas. W. Richie; eighth, J. W. Warner; Keifer; ninth, Jas. S. Robinson; tenth, J. D. Rice; eleventh, Henry S. Neal; fifteenth, R. R. Dawe; sixteenth, J. T. Updegraff; seventeenth, Wm. McKinley; nineteenth, Ezra Taylor; twentieth, Amos Townsend—total, 15. Democrats—Fifteenth district, Benj. Lefevre; seventh, John P. Leedom; twelfth, Geo. L. Converse; thirteenth, Gibson Atherton; Geo. W. Goddes—total, 5.

COLUMBUS, Oct. 13, 1 A.M.—As indicated by previous dispatches, later returns have not kept up with the same rates of gain as was shown by earlier ones, and with one-third of the whole number of precincts and townships in the State now in, the republican gains are 2,218. The democratic gains have been more apparent than real as to Hamilton county, because the returns from that county were, by a misunderstanding, sent in on Secretary of State instead of on Supreme Court Judges, as the Germans have scratched McIlvain because of his known prohibition tendencies. The vote on his side is not regarded as a criterion whereby the vote on the rest of the State ticket should be judged.

Complete returns from the city of Dayton give Follett 4,567; McIlvain, 4,721; republican majority, 154, and a democratic gain of 36.

Clarke county, complete, gives a republican majority of 1,975, a republican gain of 414.

COLUMBUS, Oct. 13, 1:30 A.M.—So far as heard from the democrats are 208 ahead in the city. Five wards remain to be heard from, which may change the result, but there is no definite information as yet on that point. Returns are coming in slower than was expected, but those received since midnight have largely swelled the republican net gains, and, with less than 700 precincts in, they are now 3,000.

Preble county complete gives a republican majority of 353, a net gain of 28.

In an interview just had with Gen. Nash, chairman of the Republican State Committee, he claims that the plurality for the State ticket will not be less than 20,000, and that the republicans have elected 15 out of 20 Co. Congressmen, as follows: Butterworth in 1st, Young in 2d, Morey in 3d, Schultz in 4th, Ritchie in 6th, Keifer in 8th, Robinson in 9th, Rice in 10th, Neal in 11th, Dawes in 15th, Updegraff in 16th, McKinley in 17th, McClure in 18th, Taylor in 19th and Townsend in the 20th districts. If all he claims are elected, it will be a gain of six Congressmen.

Having hardly used up the first bottle, I found relief, and the second one cured me. I therefore feel under obligations, and shall recommend this effective remedy whenever I have a chance.

Vanderbilt's Great Wealth.
Some one has made a very curious calculation of what Mr. Vanderbilt could do with his money. Mr. Vanderbilt's income from his investment in four per cent. government bonds is represented at \$5,000 daily, which is \$208.25 per hour, \$5.47 per minute, or over five cents per second. Assuming that he is paid by the second, he cannot possibly spend his money, as he could not select his purchases and lay down his money fast enough. He could not throw it away; to pick it up, cast, recover and cast again, would take him two seconds, and if he worked all through the whole twenty-four hours, without rest, he could only dispose of one half of his income. By living economically, saving up for four years he could, by placing his five cent pieces side by side, make a nickel belt around the earth, or by converting his savings into one cent pieces and mounting them in a pile, he would, in twenty years, erect a road to the moon and have \$500 to invest when he got there.

Should his amusement take a charitable twist he could out of a year's receipts donate to every man, woman, and child in the United States twenty cents and have money left over. Other vast possibilities occur to the glowing fancy of the calculator. In one day he could go to 8,000 different circuses, eat 10,000 pints of peanuts, drink 5,000 glasses of lemonade, and have money left to get his boots blacked. He can afford to have 50,000 shirts washed in one day and on the day of his death his income will buy ten first class funerals.

A word.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev JOSEPH T. INMAN, Station D, New York City.

A Word to Our Readers.

When you read of a remedy that will cure all diseases, beware of it; but when you read of a pure vegetable compound which claims to cure only certain parts of the body, and furnishes high proof that it does this, you can safely try it and with the assurance that it will help you. This is just what Warner's Safe Kidney and Liver Cure does. It cures all trouble of the lower portion of the body and none others. It will not help the tooth-ache, ear-ache nor consumption, but it will put your body in a vigorous and healthy state where you can enjoy life and appreciate its good things. Try it.

My life was saved by Warner's Safe Kidney and Liver Cure.—A. B. Lake-ly, Salem, Ala. Oct. 6 d&w2w.

A Most Elegant Line of Fine Furniture.

For Sale at Retail, at Strictly Wholesale Prices.

A Rare Opportunity Which House-keepers Will Not be Slow to Embrace.

A year and a half since Foster Brothers conceived the idea of adding a complete line of Furniture to their immense Dry Goods Store, using for this purpose the second and third stories of their mammoth establishment. They say they could do this without increasing their business expenses a single cent, as the clerks that sold their dry goods could also sell their furniture, thus enabling them to retail at strictly wholesale prices. At the store they resolved:

First. To handle a finer line of goods than had ever before been shown by Fort Wayne houses.

Second. To purchase only of such manufacturers as have a well established reputation for turning out only the best made goods.

Third. To warrant every article sold to be exactly as represented, and not to fail in use because of any fault in its manufacture.

Fourth. To sell all kinds of furniture at not over one-half the profits charged by other houses.

Fifth. To have but one price and that the lowest possible cent at which they would be willing to sell an article, rather than have their customer go out of their doors without it.

They have adhered unflinchingly to these five rules, and the result has been their furniture sales for the first year exceeded the combine sales of any two other Fort Wayne houses.

At present they are exhibiting a nicer line than ever of Parlor, Library, Dining Room and Kitchen furniture of every description, and a most complete line of mattresses and spring beds, and invite you to make all your purchases in that line at their establishment. Goods shipped free of freight charges to all surrounding towns.

Daily Sentinel.

Circulation, 4,000.

The Daily Sentinel has the largest circulation of any paper in the State outside of Indianapolis, and a larger circulation than all the other Fort Wayne papers combined.

THE CITY.

It's over.

Cosgrove is solid.

Modjeska is coming.

Prayer meetings to-night.

The agony will soon be over.

The election passed off quietly. Business is again beginning to look up.

A large crowd went to Chicago to-day.

Andy Moynihan left to day for Chicago.

The town was wild with excitement last night.

The W. U. T. office was crowded last night.

Bulletin boards were plentiful displayed to-day.

The Olympic company is playing to crowded houses.

Every body will soon begin to settle down to business again.

Joe Murphy had a good house notwithstanding the fact that it was election night.

The result will not be known before to-morrow.

The Democratic headquarters were crowded last night.

Very few of the politicians sought their downy couches last night.

T. S. O'Keefe has been appointed deputy sheriff, vice W. P. Cooper, resigned.

The Council met last night, but adjourned without transacting any business.

None of the threatened trouble and bloodshed came yesterday as everybody seemed to think it would.

Colerick's election is assured, as is that of Cosgrove, the only question now being as to the majorities.

A colored moko, named Warner, was fined three dollars by his honor this morning for disorderly conduct.

Montreville, the political editor of the *Gazette* for the past three months, retired from that position yesterday.

Geo. S. Carl, formerly assistant circulator of the *SENTINEL* leaves on Monday to take a similar position on the Kansas City *Star*.

A young man named Chistensenbury became involved in a quarrel last night in front of Enteman's saloon in which he was badly worsted.

A plate glass in the front of Wsgn's saloon, on East Main street, was shivered to pieces last night by a drunken individual falling through it.

Manager Perry deserves great credit for his coolness and good humor to the crowd that blockaded the sidewalk in front of his office last night and filled the air with demoniac exclamations.

The soldiers who were expected to swoop down upon this city yesterday and avenge the brutal treatment of the *Gazette* editor night before last have not yet arrived.

The street corners have been rendered almost impassable by the presence of large crowds, which refused to succumb to the demands of the pedestrians and clear the way.

F. P. Hench, who was a candidate for prosecutor of the criminal court of Carroll and White counties, telegraphed his brother, S. M. Hench, today that he is elected by 125 majority.

Now is the time to gather autumn leaves and ferns, before the rains knock them full of holes and make them ragged. The forest trees, rigged out in their autumnal foliage, present a gorgeous appearance, but old woodsmen knock some of the enjoyment out of the thing by pretending to discover in some peculiar twist of the leaves a sure indication that the coming winter will be an unusually severe one.

THE ELECTION.

Everything Goes Off in a Quiet and Orderly Manner—A Full Vote Poll'd by Both Sides—Scratching Indulged in to Some Extent—Full Returns Up to the Hour of Going to Press.

The election passed off quietly, nothing occurring to interfere with the peace and harmony of the occasion. The polls throughout the city were continually surrounded by large crowds, and although there was a good deal of wrangling and loud talking, there was no attempt at anything like bloodshed. The presentment entertained by every one that there would be trouble naturally made each one cautious and doubly anxious to avoid it. No attempts at illegal voting were made, so far as reported. When the polls closed those who had patiently stood around them all day, as a rule, left, and shortly after supper the streets began to show signs of unusual animation and in the vicinity of the three telegraph offices were assembled anxious crowds, who gave themselves up to a blatant discussion of the situation. The air was filled throughout the night with disorder, and small crowds generally composed of young men wandered around the city disturbing the slumbers of the order loving citizen by their yelling, and it was not until very late or rather very early in the morning before the city became like itself again, and those who had made the night hideous with their enthusiasm sought their couches. All night, however, a large crowd surrounded the Western Union office, and it was only when a bulletin was posted in the window at three o'clock to the effect that no further reports were obtainable that the crowd could be prevailed upon to disperse. The length of the tickets will delay the count for sometime, and nothing official can be obtained before to-morrow at least. Several of the wards, however, have been received and the result of the count is given below:
